2026 Goals

In 2026 I am looking forward to a lot of things. Some things im looking forward to is getting straight A's and win leauge for soccer. Also i wanna start going to the gym and daily runs and run at least 1 hour per day. This is because I want to stay fit for soccer. Also I want to start going to sleep earlier, like around 9:30 or 10 because I usually go to sleep around 12 or 1. Lastly, I want to stop being late to school in the morning because I cannot wake up because of how tired I am. I want to start waking up around 6:30 so I have an hour to get ready for school and get here on time.
